The Affiliate Transaction Reports fall within the Commission General Order (GO) 66-C and Public Utilities Code Section § 583. These statutes address public inspection of reports filed with the Commission. The Commission staff cautions against the indiscriminate use of Public Utilities Code section 583 to classify as "confidential" information submitted in accordance with the Attachment. It has been the long-term practice of this Commission to release annual reports to the public upon request.

Annual reports are public records and, as such, if they fail to fall within the provisions of General Order No. 66-C or the exemptions of the California Public Records Act (Government Code section 6250 et seq.), they are required to be open to public inspection. Even those records exempted from public inspection may be made public upon a case-specific determination of the Commission that the public interest in disclosure outweighs the public interest in maintaining the confidentiality of such records (See section 6255 of the Government Code).

The policy of the California Public Records Act and the practices of this Commission favor making public records readily available to the public. Accordingly, if you plan to claim confidential status for any information submitted in your reports, any such claim should be prominently noted and be supported by a detailed explanation of the reasons and facts that substantiate the necessity for confidential treatment. For example, in relying on G.O. 66C, Section 2.2(b), which exempts from disclosure information which, if revealed, would place the regulated company at an unfair business disadvantage, the mere allegation of being placed in an unfair business disadvantage is not sufficient to establish it as fact. More factual support demonstrating how the disadvantage resulting from disclosure of the information could occur is required. Data publicly exposed in other contexts (e.g. corporation annual reports, Security Exchange Commission disclosure filings) should not be claimed to be confidential information when submitted in accordance with the Attachments.

If you request confidential treatment for annual report submissions, use this procedure: file one copy of the full and complete version of the report and one copy of the report with the claimed confidential information removed and the term REDACTED inserted in the blank area. Requests by the public to review documents, for which confidential treatment has been requested, shall be handled pursuant to General Order 66-C.

Failure to file this report on time may result in a penalty as provided for in sections 2107 and 2108 of the Public Utilities Code.

If you have any questions concerning the Affiliated Transaction Report, please call (415) 703-2883.

Sincerely,

/s/ Michael D. McNamara
